We have every Cd Cover you can think of or ever need.. If you happen to own an ink-jet printer with a CD/DVD slot and tray, these templates can be used to print directly on the disc (without any label).. The templates can be printed on plain white paper, or CD sticker labels which can be purchased at any office supply store.. There are also adjustable DVD and Blu-ray case templates for creating movie labels. [Coding For Mac Os X](#)
